

ResourceInterface

```
classDiagram
    class ResourceInterface
    class ResourceManager
    ResourceManager --|> ResourceInterface
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'ResourceInterface' with a gray background, representing an interface. Below it is a box labeled 'ResourceManager' with a white background, representing a concrete class. A blue arrow points from the 'ResourceManager' box up to the 'ResourceInterface' box, indicating that 'ResourceManager' implements 'ResourceInterface'.

ResourceManager
